

THERMOWELLS

-

Thermowells come in a large assortment of options, such as:

- Standard or heavy duty construction
- Large selection of I.D. bore sizes,
- With or without lagging extensions,
- 1/2" or 3/4" NPT and other varieties of mounting threads & Flange connections

At TCL, we can also custom design a thermocouple or temperature sensor to work with the thermowells you currently use for your application, for more details talk to a sales representative today.

Common thermowell materials include Brass, Carbon Steel, 304 and 304L Stainless Steel, 316 and 316 L Stainless Steel, Hastelloy B & C, Incoloy 800, & Inconel 600.
